DETAILED ACTION

This office action is in response to the amendment filed June 29, 2006. In accordance with the amendment, claims 1 and 2 have been amended. The amendments to the specification have been acknowledged.

Claims 1-10 are pending.

Allowable Subject Matter

1. Claims 1-10 are allowed. The following is an examiner's statement of reasons for allowance: the closest prior art of record (Toshiyuki et al. JP 2001210123 A) does not teach or reasonably suggest the specific claim amendments as presented June 29, 2006. In particular, there is no reasonable suggestion to a person having ordinary skill in the art at the time the invention was made to *have a uniform distribution across a major part of the light-emitting surface* of JP Toshiyuki et al. '123.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

2. Applicant's arguments, see amendment with arguments, filed June 29, 2006, with respect to the amendments to claims 1 and 2 have been fully considered and are persuasive. In particular, see Applicant's arguments on page 7, lines 6-15. The rejection of claims 1-10 to Toshiyuki et al. JP 2001210123 A under both 35 U.S.C. 102(b) and 103(a) have been withdrawn.
